Priya Raman
Machine Learning Engineer
Boston, MA | (555) 515-6620 | priya.raman@example.com

Summary
ML engineer shipping NLP models to production with PyTorch and Python.

Experience
Machine Learning Engineer | Harborview AI Labs | Boston, MA | Sep 2020 - Present
- Deployed PyTorch NLP models serving 2 million predictions per day
- Built evaluation pipelines in Python that caught model regressions before release
Data Scientist | Commonwealth Insurance Group | Boston, MA | Jun 2017 - Aug 2020
- Developed scikit-learn claim-risk models adopted by the underwriting team
- Wrote SQL feature pipelines over 50 million policy records

Skills
Python, PyTorch, Machine Learning, Natural Language Processing, SQL, Docker, AWS, scikit-learn

Education
M.S. Computer Science, Northeastern University, 2017

Work Authorization
Permanent Resident (Green Card)
